

Renting a smartphone

The airport quarantine will check your smartphone whether these apps are installed and set up properly when you arrive in Japan.

If you do not have a smartphone or have a smartphone which you cannot install the app, you will be required to rent a smartphone at the airport at your own expense when you enter Japan.

※ You will be required to pay by credit card.

We advise you to research on costs of renting a smartphone and other mobile devices at service provider's websites prior to your trip.
